WHY THE RIGHT FINISH IS IMPORTANT?

It's not just about attractive colour and design, but also the function that the door will perform. PORTA Decor offers a wide range of colours for normally used rooms. Soft CPL is the perfect solution for rooms that are used more intensively, including those with increased humidity, as it is water-resistant. It also has an anti-fingerprint coating, so you won't see any visible fingerprints on it. Laminate doors are super durable and the perfect solution for rooms that are used very intensively, such as investment properties or children's rooms.

NO MORE SWOLLEN DOOR FRAMES IN ROOMS EXPOSED TO MOISTURE!

We recommend the duo: door frame **HYDRO PROTECT™** door frame with a new, waterproof SOFT CPL finish. The fashionable and diverse UNI COLOUR SOFT CPL colour scheme will allow you to perfectly match the door to any interior design style – from minimalist, through classic, to modern spaces.

**NARROW WALLS? NOW YOU CAN CHOOSE
DESIGNER NON-REBATED DOORS FROM OUR
RANGE TO MATCH THEM.**

We have introduced PORTA SYSTEM ELEGANCE and PORTA SYSTEM ELEGANCE 90° adjustable frames with an additional adjustment range, suitable for narrower walls (75–95 mm).

WALL WIDTH RANGE A (75 ÷ 95)
